15 July 2016

**Chief Executive Officer / Principal Officer / General Manager / Training Head /
Associations / Students**

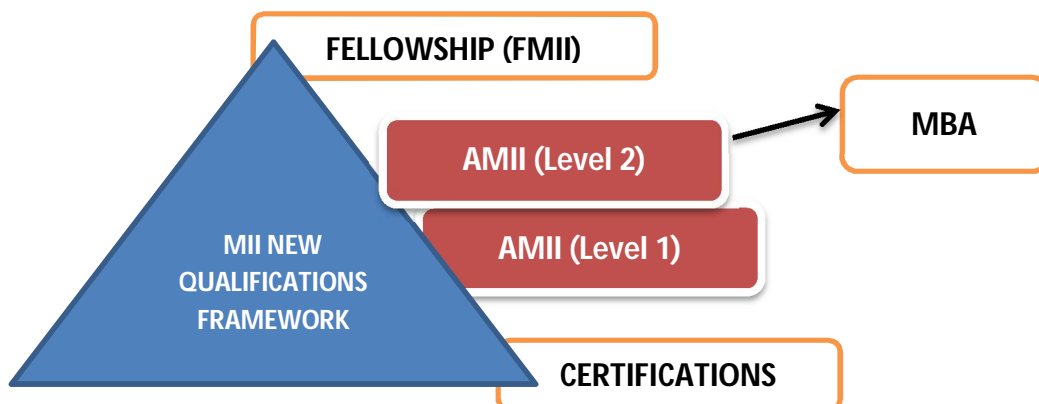

Dear Valued Customer,

UPDATES ON NEW MII QUALIFICATION FRAMEWORK

In responding to the Malaysian Financial Services Sector Blueprint 2011-2020, MII has reviewed its overall governance and qualification framework, with the view to strengthen the Institute's roles as professional body and education centre.

The intense effort for last few years in reviewing and developing the new framework is now completed and ready to be offered. In ensuring the new qualification framework continues to meet the current and future needs of the profession and industry, MII had worked closely with all its stakeholder namely its Board of Directors, industry Chief Executive Officers, Training Heads, Human Resource Heads and representative from industry associations namely LIAM, PIAM, MITBA and AMLA.

The MII qualifications framework has been designed to provide a clear path for those looking to develop their career in today's insurance market. The framework provides market-led qualifications and programmes.

MII New Qualification Framework – AMII Level 1 and Level 2

The **new Associateship of the Malaysian Insurance Institute (AMII - Level 1 and 2)** is developed by combining the intermediate and advanced level. The **new AMII** is an exclusive professional qualification programme tailored to the needs of the business and industry. The introduction of the **new AMII (Level 1 and 2)** will provide graduates a firm grounding in insurance fundamentals and enable them to advance towards higher order technical knowledge, thereby ensuring they have the means to function effectively in a challenging environment, as a competent, skilled and experienced professional.

By offering the **new AMII**, the current MII main flagship learning programme i.e. Diploma of The Malaysian Insurance Institute (DMII) and Associateship of The Malaysian Insurance Institute (AMII) will be phased off after July 2016 examination session.

The **new AMII (Level 1 and 2)** is certified by the Finance Accreditation Agency (FAA) will be offered in the October 2016 examination session. FAA is an independent quality assurance and accreditation body supported by Bank Negara Malaysia (Central Bank of Malaysia) and Securities Commission Malaysia and managed by a committee of technical experts, industry professionals and leading academics from the international financial services industry.

Comparison to current DMII/AMII to AMII Level 1 and 2

As compared to current DMII/AMII, the **new AMII (Level 1 and 2)** consists of the following salient points:

- i. Enhanced subject offering – more subjects are offered to address identified gaps in the framework. This is to ensure that staff or the students will have the appropriate knowledge and skills to perform their job effectively.
- ii. Enhanced syllabus and subject content – syllabus are enhanced with local content and practices to ensure the MII insurance qualifications framework continues to meet the industry requirements.
- iii. Enhanced assessment methodology – combination of coursework as assignments, case studies and final examination will promote the application of both academic and experience/work-related knowledge. By doing the assignments or case studies, it will develop the in-depth understanding of complex and real issues at the work place scenarios. It is expected that the student is able to think critically and analytically.
- iv. Changed completion requirements – more robust completion requirements in place to increase learning level and standard. Effective October 2016, a minimum of 50 credits will be required to complete with 3 compulsory and 3 elective subjects at Level 1 and 2 compulsory and 6 elective subjects at Level 2. However, candidates will be given credit exemptions based on past results and qualification review.
- v. MII textbooks - Under the new qualifications framework, MII is developing its own textbooks to support the student learning. Total of 18 textbooks is in progress and will be published before 2nd quarter of 2016. MII aims to promote its own standard reference in the context of Malaysian insurance industry so that the reference books are more accurately aligned and relevant to the needs of Malaysian industry.

AMII Level 1 and 2 – Key Facts

For details information about AMII Level 1 and 2, please refer to Appendix A.

Transition Arrangement for Current DMII/AMII Students to AMII Level 1 and 2

We are pleased to confirm the following transition arrangement for all our current students as per table below. For details information about the credits allocation in regards to the transition period, please refer to Appendix B.

	Programme	Current Status (after July 2016 exam session)	Next Steps to New AMII
1	DMII	Completed	<ul style="list-style-type: none">- To register AMII at Level 2 with 1 compulsory subject exempted (i.e Insurance Law)- To complete 7 subjects to obtain AMII Level 2 (i.e 1 compulsory subject and 6 elective subjects)
2	DMII	In progress	<ul style="list-style-type: none">- To complete the remaining number of subjects under AMII Level 1- For example if under the current DMII, a student is required to complete 5 subjects with a total of 120 credits, and if the student has completed 3 subjects, another 2 subjects are to be completed under AMII Level 1.- 2 compulsory subjects (i.e Insurance Law and Insurance Business and Finance) under the current completion criteria is still need to be fulfilled.- Please refer to Appendix B for the remaining subject(s) to be taken to complete the AMII Level 1- Student is required to follow the new AMII Level 1 Assessment Structure for completion requirement.- This special consideration is valid until September 2017 examination session, thereafter students will be transferred to the new AMII Level 1 and 2 in accordance to the programme transition policies and procedures.

	Programme	Current Status (after July 2016 exam session)	Next Steps to New AMII
3	AMII	In progress	<ul style="list-style-type: none"> - To complete the remaining number of subjects under AMII Level 2 - For example if under the current AMII, a student is required to complete 11 or 12 subjects with a total of 290 credits, and if the student has completed 5 subjects, another 7 subjects are to be completed under AMII Level 2 (i.e 1 compulsory subject – Insurance Business and Economics and 6 subjects under elective) - 2 compulsory subjects (i.e Insurance Law and Insurance Business and Finance) under the current completion criteria is still need to be fulfilled. - Please refer to Appendix B for the remaining subject(s) to be taken to complete the AMII Level 2 - Student is required to follow the new AMII Level 2 Assessment Structure for completion requirement. - This special consideration is valid until September 2017 examination session, thereafter students will be transferred to the new AMII Level 1 and 2 in accordance to the programme transition policies and procedures
4	AMII Level 1 and Level 2	New registration (effective August 2016 and 1 st exam in October 2016)	<ul style="list-style-type: none"> - To complete Level 1 or Level 2 according to new AMII programme and examination structure - Level 1 – 3 compulsory and 3 elective subjects with total credits of 18 credits - Student from Level 1 must meet the Level 1 completion criteria before moving to Level 2 - Level 2 – 2 compulsory and 6 elective subjects with total credits of 32 credits - To fulfil total of 50 credits to complete AMII

Application for AMII Level 1 and 2 Subjects Exemption

Students should apply the exemption directly to Assessment and Exemption Unit by following the steps below :

1. To request exemption, the student must complete the exemption form from MII website: <http://www.insurance.com.my/exam/downloads> and must be a registered AMII student.
2. The student is responsible to verify the required information on student's learning and to submit the verified required information together with the exemption application form.
3. The student's non-MII examination or qualification must match the learning outcomes of a current CMII, AMII Level 1 or AMII Level 2 subject syllabus, depending on the exemption the students are applying for.
4. The assessment method of the non-MII examination or qualification must be of a similar standard and scope to the MII examination unit / subject.
5. MII accepts applications only for fully completed and awarded qualifications. If the students have partially completed qualifications, the student will not be eligible for exemptions. However, if the student who have passed some 'relevant' CII examination units/subjects, the student can be considered for credit transfer.

Changes to MII Qualification Framework

The MII Qualification Framework is evolving in response to the regulatory environment, changes in education regulation standards and customer needs.

As a consequence, exemption awards and accreditation criteria do change. The maximum credits awarded will be subjected to changes to the MII Qualification Framework.

Should you require further clarification, please do not hesitate to contact us at 03-20878882/3.

Thank you.

Yours sincerely,

Wahida Shariff
Head
Registry and Examinations Centre
